

What I'd Like for You to Know About Me – Fall 2022

Stan A. Napper

I moved to Houston in August 2017 to be the founding dean of the new College of Engineering at HBU. I had been on the faculty of Louisiana Tech University for 33 years. Louisiana Tech is also my Alma Mater, where I received both the BS and PhD degrees in Biomedical Engineering. During those years, I had been a professor of Biomedical Engineering, Dean of the College of Engineering and Science (2004 – 2013) and finally served as Vice President for Research and Development for four years. I was active in teaching, research, administration, student
